Data protection

The protection of your personal data is of utmost importance to us! That is why it is a matter of course for us to comply with the legal provisions on data protection. In addition, it is important to us that you always know and can know when we store what data and how we use it.

We assure that your information will be treated confidentially in accordance with the applicable data protection regulations.

Personal data

The personal data that we receive from you on the most varied communication channels (eg name, address, e-mail address) will only be used for correspondence with you, for the processing of orders placed, registrations and orders in the Feuerwerker shop or the corresponding partners within the scope of the order processing and processed only for the intended purpose for which you provided us with the data.

We assure that we do not pass on your personal data to third parties, unless we are legally obliged to do so or you have given us your prior consent.

Insofar as we use service providers for the execution and processing of processing processes (eg direct debit bank, lettershop for the dispatch of our printed materials), the contractual relationships are regulated in accordance with the legal provisions on data protection.

You are entitled to a right to information about stored personal data concerning you, as well as a right to correction of incorrect data, blocking and deletion. Please contact:

DFAB GmbH

Data protection officer: Gerhard Schmitt

E-Mail: g.schmitt@onlinehome.de

Special personal data

We do not process any special personal data.

Log files / IP addresses

By default, when you visit our website, our provider's web servers store the Internet browser you use, the website from which you visit us, the date and duration of your visit, and your IP address. Thus, the German terms and conditions of 1 & 1 apply to us and regardless of the location of the data center processed

1 & 1 your data according to German data protection law, as well as the European data protection guidelines. The data centers are certified according to ISO / IEC 27001: 2013. It sets guidelines for an information security management system.

Use of cookies and analysis systems

We do not use cookies or analysis systems.

DISCLAIMER FOR FOREIGN LINKS

Insofar as our website contains links to other pages on the Internet, we expressly declare that we have no influence on the design and content of the linked pages. Therefore we dissociate ourselves hereby expressly from all contents of all linked sides of third. This statement applies to all displayed links and to all contents of the page to which links lead.

Deletion of data

We delete your data according to the legal retention periods of the business transactions. The data transmitted as part of the order data processing will be deleted by the contractor immediately after completion of the order.
